Sub: Human Rights violation in Tibet (Kham Derge)

Your Excellency,

We humbly would like to bring your kind notice that the growing situation of human rights violation in Derge region of eastern Tibet. The general public of Dege region were peacefully pleading to the Chinese communist govt' s to stop the construction of hydro power Dam on Dri-Chue (Yangste) river that would Submerge and demolish many villages prehistoric and inheritance monasteries. The peacefully protester were cruelly beating, arrested and detained. As you are well aware that the construction of dam will affect for dislocation and forcefully relocation of locals from their ancestral homes, loss of livelihood, irreparable loss of ancient religious and cultural heritage. Moreover, it will cause ecology degradation and environmental problem in Tibet and eventually posing a severe risk of life and livelihood of millions inhabitant settled in downstream. It is also fact that river originating Tibet are the source of lifeline for millions of people across the south east Asian countries. It is also deliberate method of directly harm to the Tibetans way of life and methodically devastate Tibetan culture and tradition in the name of development. In other hand, Chinese govt will use these dams as weapon for the future war.

Therefore, we urge the United Nations to take immediate action to the ongoing serious situation in Tibet. In larger context to protect the environmental problem of the world. So, we request you eagerly to stop the construction of dam. We would like to call upon the United Nations commission for Human rights to.

1. To pressure the Chinese Govt. to defer and completely halt the project.
2. Demand immediate release of all the arrested peaceful protesters
3. Strongly condemn the ongoing violation of human rights in Dege Tibet.

Once again, we would like to request your good self to ensure the justice and human right to our brothers and sisters in Tibet.

Thanking you in anticipation

Yours sincerely,

President. Thubten Gelek Dhakyel- Swiss & Liechtenstein (Utsang Cholkha Association)

Dear Carol D Miller

Tashi Delek! Among three provinces of Tibet, we are the U-Tsang Province Association based in India Dharamshala, established in 1983. On behalf of U-Tsang people we would like to express our heartfelt gratitude for the momentous passage of *Promoting a resolution to the Tibet-China conflict Act* Bill in the House of Representatives. This would not have happened without your help and support. The significance of this event resonates the entire Tibetan community worldwide. Your unwavering support has played a crucial role in advancing our cause, providing hope to a community that has lost its homeland and endured years of suppression and silence in our peaceful, non-violent struggle against the oppressive regime of China.

As time presses on, with the Dalai Lama ageing and uncertainties surrounding the Panchen Lama's whereabouts, the urgency of finding a resolution to the Tibet-China conflict through dialogue becomes increasingly critical. Tibet holds the key to global peace and houses vital freshwater reserves essential for the well-being of our planet.

We have witnessed the far-reaching consequences of China's actions, affecting not only Tibet but also the world at large. The economic impact on the USA, exemplified by the loss of jobs in Detroit and dependence on China, underscores the need to re-establish pride in products labelled "Made in the USA."

His Holiness The 14th Dalai Lama had three dreams before the cultural revolution— the first was the invasion of Tibet by China, the second was seeking refuge in India, and the third was that he would be back in Tibet. The first two had happened as dreamt. Dalai Lama says, "He is waiting for the third dream to come true." Let us collectively work towards realizing his third dream.

We extend a warm invitation for you to visit us in Dharamshala, nestled in the foothills of the Himalayas. We would be honoured to share our stories, experiences, culture, and cuisine, illustrating how we persevere in exile to preserve our heritage from the brink of extinction. Your presence would mean a lot to us, fostering a deeper understanding and connection.

Thank you once again for your steadfast support. We eagerly anticipate the opportunity to welcome you in the near future.

With sincere appreciation,
Thubten Gelek Dhakyal
President . Swiss & Liechtenstein U-Tsang Association
